

The run has just begun

Mumbai's **Lala Tulsiram Park** has recently installed *Runathon* for its jogging track. Sponsored by the Nirmal Lifestyle group, this public park spreads over a few acres and has a jogging track of 6,800 sq. ft. It is one of the largest jogging tracks in Mumbai. Thanks to *Runathon's* shock absorption property, visitors to the park will now be shielded from fatigue and needless injuries.

Energy education

A 1,500 sq. ft. gym at **Matunga Gymkhana** in Central Mumbai has recently installed *Tuffloor*. This well-equipped gym attracts a good number of fitness conscious people, and as it is situated near prominent colleges, the predominantly youthful crowd is sure to enjoy the heightened levels of comfort.

EcoFlex on winning turf

Formed in 1920, the **Bangalore Turf Club** presents a truly beautiful sight throughout the year. It nestles amidst 85 acres of greenery in the heart of the city. EcoFlex has laid *Thoroubred* on 4,200 sq. ft. of the Paddock Area Display Ring, in front of the main clubhouse. *Thoroubred* has also been installed at the Winners' enclosure and the walkways in the surroundings.

The Bangalore Turf Club is probably the only one in the world where a limited space has been so comprehensively utilised to provide facilities such as stabling for over 1000 horses, three training tracks, an equine swimming pool, training schools, walking rings, a veterinary hospital and even an amateur riding school.

Swinging times ahead!

When one of the premium golf clubs in India installs *Thoroubred* at its food-court, you know exciting times lie ahead. In an unprecedented move, **Delhi Golf Club** has installed this unique EcoFlex surface over a 1,500 sq. ft. area, making it ideal for golfers to walk on with their spiked shoes. This has clearly laid down a marker for other forward-minded golf clubs to follow suit.

EcoFlex gains international insight

The recent international tour of Mr. Karun Sanghi, Director of EcoFlex Flooring from 25th April to 6th May 2006, has proved to be immensely insightful for his organisation. In his quest for incorporating the best from across the globe, and as a part of the tie-up with Herculan Sports Surfaces B.V., Holland, Mr. Karun Sanghi visited the Outdoor running tracks, Indoor stadiums and the sites where Rubber Concrete is used. The company's General Managers Mr. Jan Willem and Mr. David Leggate assured of a bright future ahead on meeting up with Mr. Karun Sanghi.

◆ *Outdoor Running Tracks*

◆ *Indoor Stadiums*

In an action packed itinerary, Mr. Karun Sanghi also visited Playtop Limited in England, which is a part of Charles Lawrence group and met up with Mr. Charles Lawrence, the Chairman, Mr. Nigel Allen, the Managing Director and Mr. Barry Baker, the Director of the company. This paved the way for EcoFlex Flooring to represent Playtop in India — indeed an eventful journey.
